What's on for Access+ JC 1-2 members

INDIGO for a complete Revision System this September!

Monday (8 Sep)

(Choose 1 location to attend)

Parkway Parade Office Tower, #06-03

United Square Office Tower, #17-01

11am - 12pm
General Paper

Is there any value in conserving old buildings in your society?
Learn how to approach the "value" question as we discuss the functions of old buildings and their conservation.

1.15pm - 2pm
Mathematics

Functions
Use this session to go through Exam Grade Questions relating to Functions where you analyse the question and approach them. Here, you can identify if you have any gaps.

3pm - 4pm
Chemistry

Atomic Structure
Revise Electronic configuration of first-row d-block elements and atomic properties with easy to revise notes and carefully curated questions in this session.

Tuesday (9 Sep)

(Choose 1 location to attend)

Balmoral Plaza, #B1-09

Tampines Plaza 1, #03-02

11am - 11.40am
General Paper

How to Write a Strong Topic Sentence
Craft topic sentences that captures the paragraph's core idea in one crisp line. Link it explicitly to the overall question so every paragraph drives your argument.

1.15pm - 2pm
Mathematics

Functions
Use this session to go through exam grade questions relating to Functions where you analyse the question and approach them. Here, you can identify if you have any gaps.

3pm - 4pm
Chemistry

Atomic Structure
Revise Electronic configuration of first-row d-block elements and atomic properties with easy to revise notes and carefully curated questions in this session.

Wednesday (10 Sep)

(Choose 1 location to attend)

Balmoral Plaza, #B1-09

Tampines Plaza 1, #03-02

11am - 11.40am
General Paper

Approaching Effectiveness Questions
Learn how to tackle "Effectiveness" type essay questions and identify whether language is effective in understanding a culture.

1pm - 2pm
Mathematics

Equations and Inequalities, Graphing Techniques and Vectors
Struggling with tackling questions on these essential topics? Revise and recall key concepts and practise with exam grade questions in this revision session.

3pm - 4pm
Chemistry

Organic Chemistry
Revise key concepts such as how to interpret and use the different types of representations in the description of organic molecules in this "make or break" topic.

Thursday (11 Sep)

(Choose 1 location to attend)

Balmoral Plaza, #B1-09

Tampines Plaza 1, #03-02

11am - 11.40am
General Paper

Examine the view that the elimination of discrimination in sport is a far-fetched dream.
Apply your skills in answering "Effectiveness" questions in this essay question.

1pm - 2pm
Mathematics

Equations and Inequalities, Graphing Techniques and Vectors
Struggling with tackling questions on these essential topics? Revise and recall key concepts and practise with exam grade questions in this revision session.

3pm - 4pm
Chemistry

Organic Chemistry
Revise key concepts such as how to interpret and use the different types of representations in the description of organic molecules in this "make or break" topic.

Friday (12 Sep)

(Choose 1 location to attend)

Parkway Parade Office Tower, #06-03

United Square Office Tower, #17-01

11am - 12pm
General Paper

Approach to Comprehension Short Answer Questions
Master Type 1 and 2 inference questions in A-Level Compre Paper 2. Revise smart with step-by-step tactics to spot clues, infer precisely, and craft A-grade answers.

1pm - 2pm
Mathematics

Sequences and Series (APGP)
Sequences & AP/GP, sorted—refresh essential concepts and must-know formulas. Tackle exam-grade questions to reveal gaps fast and turn them into secure marks.

3pm - 4pm
Chemistry

Redox Reactions
Redox, rebuilt: nail oxidation states, half-equations, and balancing.
Then drill exam-grade question types to expose gaps fast—and fix them.

5pm - 7pm*
General Paper

GP Clinic on Visual Text/Critical Response*
Revise key skills such as identifying key words and interpreting the visual.
*Only available in Parkway Parade Office Tower, #06-03

Topical Crash Courses to sharpen exam techniques

- GP Comet (thematic GP coverage: Arts, Environmental and Science)
- Topical Math crash courses in Differentiation, Sequences and Series and Vectors
- Practical exam revision

Exclusive revision materials included!

GO for a complete Revision System this September!

Monday (8 Sep)

Bukit Timah Shopping Centre, #01-01

11am - 11.40am
GP Foundation

To what extent is your society inclusive?
This essay question sound descriptive but a strong response will require more than just describing instances of inclusivity in Singapore. Learn what makes a strong response here.

(Choose 1 location to attend)

Parkway Parade Office Tower, #06-03

United Square Office Tower, #17-01

1.15pm - 2pm
Mathematics

Surds
Learn to solve word problems involving surds and apply key concepts and identify misconcepts involving equations and conjugate surds in rationalisation

3pm - 4pm
Chemistry

Experimental Technique, Kinetic Particle Theory
Revise key concepts such as measurement & experimental techniques and separation techniques.

Tuesday (9 Sep)

(Choose 1 location to attend)

Balmoral Plaza, #B1-09

Tampines Plaza 1, #03-02

11am - 11.40am
GP Foundation

To what extent is your society inclusive?
This essay question sound descriptive but a strong response will require more than just describing instances of inclusivity in Singapore. Learn what makes a strong response here.

1.30pm - 2.30pm
Mathematics

Surds
Learn to solve word problems involving surds and apply key concepts and identify misconcepts involving equations and conjugate surds in rationalisation

3pm - 4pm
Chemistry

Experimental Technique, Kinetic Particle Theory
Revise key concepts such as measurement & experimental techniques and separation techniques.

Wednesday (10 Sep)

Balmoral Plaza, #B1-09

11am - 11.40am
GP Foundation

Traditions are irrelevant today. Is this true in your society?
In this question, students have to go beyond the functions of traditions, they have to consider the stakeholders and contexts relevant to this question.

(Choose 1 location to attend)

Parkway Parade Office Tower, #06-03

United Square Office Tower, #17-01

1.30pm - 2.30pm
Mathematics

Exponential and Logarithmic Functions
Receive a concise summary of laws of logarithms and graphs of exponential and logarithmic functions, and apply answering techniques to exam-grade questions.

3.30pm - 4.30pm
Chemistry

Chemical Bonding
Revise Ionic bonding with crystal clear explanation, step by step techniques to approach exam grade questions

Thursday (11 Sep)

(Choose 1 location to attend)

Balmoral Plaza, #B1-09

Tampines Plaza 1, #03-02

11am - 11.40am
GP Foundation

Do traditions still have a place in your society today?
In this question, students have to go beyond the functions of traditions, they have to consider the stakeholders and contexts relevant to this question.

1pm - 2pm
Mathematics

Exponential and Logarithmic Functions
Reinforce your understanding of exponential and logarithmic functions and identify your gaps through exam grade questions

3pm - 4pm
Chemistry

Chemical Bonding
Revise Ionic bonding with crystal clear explanation, step by step techniques to approach exam grade questions

Friday (12 Sep)

Balmoral Plaza, #B1-09

1pm - 2pm
GP Foundation

Comprehension Exam Skills
Learn how to identify and approach 1 out of the 5 compre question types - authorial techniques.

(Choose 1 location to attend)

Parkway Parade Office Tower, #06-03

United Square Office Tower, #17-01

11am - 12pm
Mathematics

Coordinate Geometry
Revise key concepts for coordinate geometry and apply them to exam grade questions

3pm - 4pm
Physics

Kinematics
Revise key concepts such as the relationships between different types of graphs and test your knowledge in practice questions.

Topical Crash Courses to sharpen exam techniques

- Topical Math crash courses in key exam topics such as Trigonometry, Algebra and Differentiation.

Exclusive revision materials included!

GO for a complete Revision System this September!

Monday (8 Sep)

(Choose 1 location to attend)

Parkway Parade Office Tower, #06-03

United Square Office Tower, #17-01

11am - 12pm Mathematics	**Surds** Learn to solve word problems involving surds and apply key concepts and identify misconcepts involving equations and conjugate surds in rationalisation
1pm - 1.20pm English	**Answering Language Use for Impact Questions (Narrative)** Discover a clear, step-by-step method to tackle Language Use for Impact type of compre question with confidence. Learn how to spot, explain, and score every time.
1.30pm - 2pm English	**Identifying your Points in Summary** Learn how to differentiate the main ideas or central themes from the surrounding examples and supporting details when answering summary questions.
3pm - 4pm Chemistry	**Experimental Technique, Kinetic Particle Theory** Revise key concepts such as measurement & experimental techniques and separation techniques.

Tuesday (9 Sep)

(Choose 1 location to attend)

Balmoral Plaza, #B1-09

Tampines Plaza 1, #03-02

11am - 11.30am English	**Writing an Introduction for your Argumentative Essay** Learn how to write a compelling hook and connecting statement to craft an effective introduction.
11.45pm - 12.15pm English	**Answering Summary Questions** Revise the steps to tackling summary questions and put your exam skills to the test with a summary exercise.
1.30pm - 2.30pm Mathematics	**Surds** Learn to solve word problems involving surds and apply key concepts such as simplifying expressions.
3pm - 4pm Chemistry	**Experimental Technique, Kinetic Particle Theory** Revise key concepts such as measurement & experimental techniques and separation techniques.

Wednesday (10 Sep)

(Choose 1 location to attend)

Parkway Parade Office Tower, #06-03

United Square Office Tower, #17-01

11am- 11.30am English	**Answering Summary Questions** Revise the steps to tackling summary questions and put your exam skills to the test with a summary exercise.
11.45pm - 12.15pm English	**Writing an Introduction for your Argumentative Essay** Learn how to write a compelling hook and connecting statement to craft an effective introduction.
1.30pm - 2.30pm Mathematics	**Exponential and Logarithmic Functions** Receive a concise summary of laws of logarithms and graphs of exponential and logarithmic functions, and apply answering techniques to exam-grade questions.
3.30pm - 4.30pm Chemistry	**Chemical Bonding** This revision session will break down bonding concepts—crystal clear, step by step.

Thursday (11 Sep)

(Choose 1 location to attend)

Balmoral Plaza, #B1-09

Tampines Plaza 1, #03-02

11am - 11.30am English	**Answering Language Use for Impact Questions (Narrative)** Discover a clear, step-by-step method to tackle Language Use for Impact with confidence. Learn how to spot, explain, and score every time.
11.45am - 12.15pm English	**Identifying your Points in Summary** Learn how to differentiate the main ideas or central themes from the surrounding examples and supporting details when answering summary questions.
1pm - 2pm Mathematics	**Exponential and Logarithmic Functions** Reinforce your understanding of exponential and logarithmic functions and identify your gaps through exam grade questions
3pm - 4pm Chemistry	**Chemical Bonding** This revision session will break down bonding concepts—crystal clear, step by step.

Friday (12 Sep)

(Choose 1 location to attend)

Parkway Parade Office Tower, #06-03

United Square Office Tower, #17-01

11am - 12pm Mathematics	**Coordinate Geometry** Revise key concepts for coordinate geometry and apply them to exam grade questions
1pm - 1.45pm English	**Situational Writing: Writing Formal Email** Learn how to analyse questions on situational writing questions on formal email, ideate answering points and how to structure your email in a clear manner.
3pm - 4pm Physics	**Kinematics** Revise key concepts such as the relationships between different types of graphs and test your knowledge in practice questions.

Sunday (14 Sep)

Balmoral Plaza, #B1-09

4.15pm - 6.15pm English	**Express English Clinic: Situational Writing** Still unsure how to elaborate on the bullet points in the situational writing task? Refresh your memory with our broadcast lesson, clarify your doubts with our on-site tutor, complete a writing task and submit for marking.
