Term 1 Indigo JC 2 Chemistry Welcome Letter

Dear Parents and Students,

Welcome to a brand-new year (2026) at Indigo. We're excited to partner you in JC 2 Chemistry this year and to help you turn effort into real, measurable progress. This letter gives you a clear overview of what to expect in Term 1, the support available, and the important dates and links you'll need. Please keep this letter handy as a guide for Term 1.

Make the most of your H2 Chemistry lessons

To support learning in and out of class, here's how students can get the best out of each week:

- Attempt the questions in your weekly notes

  To meet the specific needs of each class, the JC Chemistry team has curated a range of questions that take students from basic understanding to mastery for every topic.

  Occasionally, not all questions will be completed in class. Some are intentionally set as take-home practice and used by tutors to assess students' abilities and address key concepts. The selection of questions covered in class may differ from group to group, depending on the needs and pace of each class.

  Students are strongly encouraged to attempt the remaining questions at home and refer to the worked solutions uploaded on the Indigo LMS to check their understanding and close any gaps.

- Concepts are broken down and taught in manageable parts, with concept questions built in to check your understanding along the way.

  Students are encouraged to revise what was covered each week before the next lesson, so gaps don't build up over time. If you're unsure about anything, please clarify your questions early – feeling lost is common in JC Chemistry, but it's much easier to fix when we catch it early.

- Review in-class questions before attempting your tutorials

  Students should make it a habit to review and redo the questions covered in class before starting their weekly tutorials whenever possible. Many of the in-class questions are intentionally selected because they are very likely to appear again in the tutorials. Revisiting them beforehand makes the tutorial experience much smoother and significantly accelerates learning.

- Practise consistently, especially as exams approach

  As exams draw near, consistent and targeted practice becomes essential for mastery. Our topical question sets are organised by both difficulty and concept type, allowing you to pinpoint the exact areas you may be weak in and focus your practice more efficiently. Practising by concept is especially powerful, as it isolates the specific skills or ideas you need to reinforce within each topic.

  These topical question sets are also regularly refreshed with the latest 2024/2025 prelim questions, giving you access to far more relevant, rigorous, and up-to-date practice compared with what is typically offered in schools.

On top of your weekly regular notes, you will receive

- Access to Indigo Chemistry Quizlet
  Use your Quizlet account to revise key Chemistry content and terms anytime, anywhere. Setup and access guide .

JC 2 Indigo Term Calendar

Term	Start Date	End Date
1	8 December 2025	12 April 2026
2	13 April 2026	19 July 2026
3	20 July 2026	1 November 2026
4	2 November 2026	22 November 2026

Key points to note

Indigo Mobile Phone Policy

- No using of mobile phones unless the tutor has asked you to do so. All mobile phones must be in students' bags at all times. The tutor has the right to confiscate the phones if they are used without permission.

Online Options during the March, June, and September Holidays

- We understand that many of you will have holiday plans yet still want to keep up with the demands of the Junior College syllabus. To support you, we've arranged live online lessons during the holidays so you can stay on track, revise consistently, and continue attending class without disruption, wherever you are. Details will be shared via community chats and LMS nearing the holidays.

Booster Lessons

As you may be aware that the JC curriculum and rigorous, to completely cover the required content and skills. In our years of experience, students will start to pick up pace when the test and exams are in place, and we have that covered already. Here are the additional lesson dates. They will be taught by the senior teachers in its specified area. To cater to your schedule, these lessons are made available online. Your teacher will distribute the accompanying book in the lesson beforehand.

Checklist for a good headstart

Please make sure you go through this checklist, so you are aware of all the additional services we have put in place for you in order for you to be consistent and steady in H2 Chemistry.

Service	What is it	Link	Check it off!
Indigo App	• Download the Indigo Mobile App • Turn on notifications • Get the latest updates on events, free notes and resources. • Check your bill, infinite rewards • Check your attendance • Book a within the week replacement lesson • Make a permanent class transfer • Book your booster lessons Password protected. If you do not have it, please contact Indigo front desk at 6634 2208.	Google Playstore Click here App Store Click here Guide Click Here	
Learning Management Portal (LMS)	Get access to • Videos and notes of your missed lessons • Accompanying answers for workbooks and weekly notes • Additional teaching videos provided for your home revision and exams • Receive your Chemistry marked test scripts here Password Protected. If you do not have it, please contact Indigo front desk at 6634 2208.	Click here	

WhatsApp Community Group	Parents and students will receive a weekly summary of the coverage in class and what can be done at home to reinforce that week's lesson. Update on term test, return of term test, class cancellation and special information will be through this platform If you are not added to the community chat, please contact Indigo front desk at 6634 2208.		
Video on Demand	Make a request for on-demand video lessons if you are unable to make it for class. Each lesson cycle begins on Monday and ends on Sunday	Click here	
Principal Strategy Seminar	Attend the Principal's Strategy Seminar for your level to understand the "big picture" of the system, plan your next steps wisely, and avoid wasting effort on the wrong things. Refer to the list of seminar here: https://indigo.com.sg/special-programmes/seminars-webinars/	Click here	
Consultation	Book a consultation with our teachers to clarify your doubts before the next in-class session.	Click here	

Access +	As enrolled students of Indigo, you get access to • Study space (Bring up to 2 friends each visit) • Additional notes/ masterclasses where appropriate • Replays of important lesson as revision for upcoming tests and exams The schedule for access+ will be uploaded monthly for your planning in the Indigo App		

Our schedule of events and lessons is carefully planned to help you navigate the rigour smoothly without clashing with other Indigo subjects. Please refer to the latest Indigo timetable and subject offerings here: https://indigo.com.sg/timetable/

Click Here

If you'd like a fully coordinated timetable with minimal disruption and no overlaps, we encourage you to consider our other subject offerings as well. By coming on board for a full suite of subjects, you'll:

- Enjoy our Power Pack discount, and
- Benefit from a smooth, well-planned schedule across all your classes.

Let us partner with you on your learning journey as you take your next step into Junior College in 2026. May 2026 be a positive transformative year where you will see your grades improve by leaps and bounds! Wishing you every success in your academic life!

Warmest regards,
The Indigo Team
