Term 1 Indigo Sec 4 IP Biology Welcome Letter

Dear Parents and Students,

Welcome to a brand-new term at Indigo. We're excited to partner you in Sec 4 IP Biology this year and to help you turn effort into real, measurable progress. This letter gives you a clear overview of what to expect in Term 1, the support available, and the important dates and links you'll need. Please keep this letter handy as a guide for Term 1.

Make the most of your Biology IP lessons

To ensure rigour, lessons each week will cover both Paper 1 (MCQ) and Paper 2 (Structured and Data-based questions). On selected topics, we will also brush up on Paper 3 (Practical skills), especially in planning, interpreting results, and handling common experimental setups.

To deepen your understanding, you are encouraged to:

- redo the practices covered in class on your own
- clarify early whenever you are in doubt
- attempt the questions independently and send your work to your teacher for feedback so you can correct mistakes and fine-tune your approach

Your weekly Biology notes are designed to help you:

- consolidate key concepts clearly
- identify common misconceptions
- strengthen exam readiness through targeted practice

To get the most out of them, read actively, annotate key ideas, and create simple diagrams or summaries to organise information for revision.

On top of your weekly lesson notes, you will receive:

- Topical worksheets containing a wide range of questions across different difficulty levels
- Topical quizzes to check your understanding and track your progress throughout the term

Detailed instructions will be provided when the materials are issued.

Key points to note

Indigo Mobile Phone Policy

- No using of mobile phones unless the tutor has asked you to do so. All mobile phones must be in students' bags at all times. The tutor has the right to confiscate the phones if they are used without permission.

Online Options during the March, June, and September Holidays

- We understand that many of you will have holiday plans yet still want to keep up with the demands of the Secondary syllabus. To support you, we've arranged live online lessons during the holidays so you can stay on track, revise consistently, and continue attending class without disruption, wherever you are. Details will be shared via community chats and LMS nearing the holidays.
