LITERATURE | SECONDARY 2 IP

Suitable for Lower Secondary students

What's included

- Concise notes
- Model essays
- Unseen Poetry essay practice
- Marked feedback
- Essay submission (practice and feedback)

Schedule

10 Jun (Wed)

10am - 2pm

Balmoral Plaza, #B1-09

Unseen Poetry Masterclass — From Blank Page to Clarity

Your child will walk away knowing exactly how to structure a high-scoring PEEL paragraph for any unseen poem—even ones they've never seen before.

- Be exposed to different themes in poetry
- Learn how to tackle Unseen Poetry questions
- Learn how to write effective and coherent PEEL paragraphs for Unseen Poetry questions

By the end of the lesson, you will learn how to write an insightful lit analysis instead of a descriptive essay.

AMP 2
Algebra Boost – Factorise, Rearrange, and Get Ready for Semester 2 and Upper Sec Math!

Algebra is your launchpad for success in upper secondary math!

Skills like factorising and expanding, and rearranging formulas (e.g., making x the subject) aren't just for now—they're your secret weapon for Algebra and upper secondary math.

- Rearrange formulas with full understanding—using logic, not shortcuts
- Solve linear and factorised equations step-by-step—no skipping, no careless errors
- Apply algebra in real-world and multi-step exam questions—with speed, structure, and confidence

	From 1 May 2026	Early Bird Special (30 April 2026)	Indigo Access+ (Members*)
Fees	$245	$221	$184

- All fees are subject to GST
- Only up to $50 in Holiday Programme Vouchers are applicable
- For non-Indigo students, a one-off $75 registration fee is applicable
- Discounts cannot be combined unless otherwise stated

Suitable for Lower Secondary students who...

- are stumped by simplifying and factorising algebra involving special identities E.g. $(x+y)^2$, $a^2 - b$ and its applications.

What's included

- Visual guide to Algebraic Identities
- "Apply or Don't Apply" recognition drills
- Step-by-step templates for multi-step questions

Schedule

(Choose 1 Run to attend)

Run 1
9 Jun (Tue)
2pm - 4pm
Bukit Timah Shopping Centre, #01-01

Run 2
22 Jun (Mon)
2pm - 4pm
United Square Office Tower, #17-01

AMP 3
Algebra Edge – Master Identities Like a Pro!

Spot and solve identities to shine in Upper Secondary!

Confused by the many different algebraic identities, when to use which, and how to apply them in application questions? Join to learn how to spot and apply identities in tough problems, and walk out ready to ace algebra!

- Understand how and why key identities work—not just memorise them
- Recognise when to apply identities in simplified, expanded or disguised forms
- Tackle multi-step algebraic questions that test flexible thinking and pattern recognition

	From 1 May 2026	Early Bird Special (30 April 2026)	Indigo Access+ (Immediate*)
Fees	$180	$162	$135

Suitable for Lower Secondary students who...

- are unsure of how to solve equations and draw graphs related to $y = ax^2 + bx + c$
- unable to form quadratic equations when the question gives a real-life application

What's included

- Strategy map for solving quadratics
- Graph sketching & interpretation templates
- Mixed practice pack: multi-step & real-world questions

Schedule

16 Jun (Tue)
1pm - 4pm
Bukit Timah Shopping Centre, #01-01

AMP 4
Quadratics Boost – Solve and Graph Like a Pro!

We help you crystallise the link between algebraic equations, their graphs and translate real world contexts into algebraic equations! No more guess work! Learn to set up, solve, and graph with pro strategies, and walk out ready to ace exams!

- Master 3 solving techniques: factorise, complete the square, and use the quadratic formula
- Understand the connection between quadratic equations and their graphs
- Apply skills to real-world questions and higher-order exam tasks

Mathematics

AMP Complete — Algebra to Quadratics Mastery

Suitable for Lower Secondary students who...

- Keep losing marks due to weak algebra foundations
- Struggle with multi-step or application questions
- Feel unprepared for Upper Secondary Math topics

If your child's algebra mistakes keep snowballing into lost marks—they're not alone.

Most students don't struggle because they can't do Math—they struggle because weak algebra habits quietly undermine everything that comes after.

AMP Complete brings together AMP 1, 2, 3 and 4 into one structured pathway—rebuilding algebra from fundamentals, sharpening pattern recognition, and connecting equations to graphs the way exam questions actually demand.

This is not just revision.

- Clean, reliable algebra habits—fewer careless errors
- Confidence manipulating expressions—expand, factorise, rearrange with purpose
- Instant recognition of identities—knowing when and how to apply them
- Clear understanding of quadratics—equations, graphs, and real-world problems linked

Science

Master the Gaps – Sec 2 Science Intensive Bootcamp

Module 1: Chemistry	• **Atomic Structure & Chemical Bonding**
Module 2: Chemistry	• **Chemical Equations & Acids & Alkali**
Module 3: Physics	• **Forces, Energy & Heat**
Module 4: Physics	• **Electricity**

Sec 2 Science is your make-or-break foundation for upper secondary success. If you are struggling with tricky Chemistry and Physics topics, wait no longer - this bootcamp targets your weak spots with clear breakdowns, fixes misconceptions and provides ample exam practice. Close your gaps now and set yourself up to shine in Sec 3 and beyond!

- Effective recall of key concepts
- Master answering techniques to commonly tested exam questions
- Learn key exam skills (Identify key concepts, communicate scientific keywords and time management)

What's included

- Tackles common Sec 2 Chemistry and Physics gaps
- Comprehensive notes
- Practice questions and analysis of answering techniques

Schedule (Choose any module(s) to attend)
