English

Oral Masterclass Gateway (OMG)

Suitable for Secondary 4 Express students who...

- Go blank during oral exams
- know what to say but struggle to get it out clearly

Oral Mastery Gateway (OMG) is a highly practical masterclass designed to help students score strategically and confidently for the GCE O-Level English Oral Examination.

OMG is not theory-heavy. It is an exam-focused, strategy-driven, performance training.

What Makes OMG Different?
Thematic Approach Based on Real Trends
We adopt a targeted preparation based on our analysis of past-year O-Level questions and emerging themes so students are not caught off guard.

Planned Response, Simplified
Students are taught a clear, easy-to-apply framework using powerful keywords and structured thinking. Learn how to:

- Organise ideas quickly
- Speak with clarity and confidence
- Leave a strong, impactful final impression

Spoken Interaction, Mastered
We provide:

- Essential, adaptable content points students can use
- Up-to-date, relevant examples (Singapore context included)
- Strategies to extend answers naturally and impress examiners

Timed Practice + Personalised Feedback
We provide:

- Content depth
- Language precision
- Expression and confidence
- Areas for immediate improvement
- Self-assessment techniques your child can use independently before the actual exam.

What's included

- Concise notes
- Marked feedback

Schedule (Choose 1 Run to attend)

Run 1

15 Jun (Mon)	10am - 1pm	United Square Office Tower, #17-01
16 Jun (Tue)		
17 Jun (Wed)		

Run 2

24 Jun (Wed)	10am - 1pm	Parkway Parade Office Tower, #06-03
25 Jun (Thu)		
26 Jun (Fri)		

Fees

	From 1 May 2026	Early Bird Special (30 April 2026)	Indigo Access+ (Immediate*)
	$635	$552	$470

- All fees are subject to GST
- Holiday Programme Vouchers are applicable
- For non-Indigo students, a one-off $75 registration fee is applicable
- Discounts cannot be combined unless otherwise stated
- *Access+ rate applies to students who sign up for regular Indigo classes immediately
- Terms and conditions apply

A-Mathematics

Sec 4 O-Level A-Math Complete Exam Crash Course

Suitable for Secondary 4 students who...

- Struggle with the most algebra-intensive A-Math topics
- Understand in class but lose marks in exams
- Need focused revision on topics schools rushed through
- Have Sec 3 foundation gaps that keep resurfacing

Trigonometry, Differentiation, and Integration are the highest-weight topics on the O-Level A-Math paper — and they're the ones schools rush through the fastest.

On top of that, foundational Sec 3 topics like circle properties, trig ratios, and coordinate geometry keep appearing in O-Level but are never properly revised.

This boot camp gives students 6 focused modules to choose from. Pick the ones they need. In just one session, you'll walk away with:

- 3 core A-Math modules on the highest-weight O-Level topics: Trig, Differentiation, Integration
- 3 topical revision modules covering Sec 3 E-Math and A-Math gaps that keep costing marks
- Modular format — pick individual modules or take the full programme
- Exam-grade questions with structured solutions, not just theory re-teaching

What's included

- Structured notes and exam-grade questions
- Fully worked solutions for every question type
- Tests with full go-through (Topical modules)

INDIGO

A-MATHEMATICS | SECONDARY 4 EXP

Schedule (Choose 1 Run to attend per module)

Core A-Math Schedule

Mod 1: Trigonometry* (*Current Indigo Sec 4 Express Math students do not need to attend)

Run 1	9 Jun (Tue)	10am - 4pm (1 hr break)	Bukit Timah Shopping Centre, #01-01
Run 2	19 Jun (Fri)		Parkway Parade Office Tower, #06-03

Mod 2: Differentiation* (*Current Indigo Sec 4 Express Math students do not need to attend)

Run 1	1 Jun (Mon)	10am - 4pm (1 hr break)	United Square Office Tower, #17-01
Run 2	10 Jun (Wed)		Parkway Parade Office Tower, #06-03

Mod 3: Integration

Run 1	2 Jun (Tue)	10am – 4pm (1 hr break)	United Square Office Tower, #17-01
Run 2	3 Jun (Wed)		Parkway Parade Office Tower, #06-03

Topical Revision Schedule

Mod 4: Circles & Radian Measure (E-Math)

Run 1	10 Jun (Wed)	10am – 1pm	United Square Office Tower, #17-01
Run 2	12 Jun (Fri)		Parkway Parade Office Tower, #06-03

Mod 5: Application of Trigo (E-Math)

Run 1	10 Jun (Wed)	2pm – 5pm	United Square Office Tower, #17-01
Run 2	12 Jun (Fri)		Parkway Parade Office Tower, #06-03

Mod 6: Coordinate Geometry Focus on Equation of Circles

Run 1	17 Jun (Wed)	10am – 3pm (1 hr break)	United Square Office Tower, #17-01
Run 2	24 Jun (Wed)		Parkway Parade Office Tower, #06-03

Fees

	From 1 May 2026	Early Bird Special (30 April 2026)	Indigo Access+ (Immediate*)
Modules 1/2/3	$372	$336	$280
Modules 4/5	$245	$221	$184
Module 6	$310	$279	$233
6 Complete Modules	$1,675	$1,508	$1,256

- All fees are subject to GST
- Holiday Programme Vouchers are applicable
- For non-Indigo students, a one-off $75 registration fee is applicable
- Discounts cannot be combined unless otherwise stated
- *Access+ rate applies to students who sign up for regular Indigo classes immediately
- Terms and conditions apply

A-Mathematics

The Topic You Cannot Afford to Go Wrong In Trigonometry

Trigonometry Module for Sec 4 Express Students

(*Current Indigo Sec 4 Express Math students do not need to attend)

Suitable for Sec 4 students who...	This workshop is not for you if...
• Get confused between ASTC and alpha formula • Can solve basic trig but freeze on proving questions • Struggle to sketch trig graphs accurately • Need to close this gap before tackling Calculus	• You are an existing Sec 4 Indigo Math student

Still confused when to use ASTC and when to apply the alpha formula?

Struggling to sketch trig graphs accurately or identify key features like amplitude and period?

Losing marks on proving and solving questions because the first step isn't clear?

This programme unravels those confusions in one focused day. Trigonometry is the topic schools rush through the fastest — but it appears across multiple O-Level questions and connects directly to Calculus.

- Clear framework for ASTC and alpha formula — when to use which, and why
- Confident trig graph sketching with accurate amplitude, period, and key points
- Systematic approach to proving and solving trig equations
- Exam-grade questions with fully worked, structured solutions
- A strong foundation that connects directly to Differentiation and Integration

Schedule (Choose 1 Run to attend)

Run 1	9 Jun (Tue)	10am - 4pm (1 hr break)	Bukit Timah Shopping Centre, #01-01
Run 2	19 Jun (Fri)		Parkway Parade Office Tower, #06-03

Fees

	From 1 May 2026	Early Bird Special (30 April 2026)	Indigo Access+ (Immediate*)
	$372	$336	$280

- All fees are subject to GST
- Holiday Programme Vouchers are applicable
- For non-Indigo students, a one-off $75 registration fee is applicable
- Discounts cannot be combined unless otherwise stated
- *Access+ rate applies to students who sign up for regular Indigo classes immediately
- Terms and conditions apply

A-Mathematics

O-Level High Weightage Topic: Differentiation

Differentiation Module for Sec 4 Express Students

(*Current Indigo Sec 4 Express Math students do not need to attend)

Suitable for Sec 4 students who...	This workshop is not for you if...
• Know the differentiation rules but struggle with applications • Lose marks on optimisation and rates of change questions • Get confused when product, quotient, and chain rules combine • Need exam-standard practice, not more theory	• You are an existing Sec 4 Indigo Math student

Know the rules but freeze when the question asks you to apply them?

Losing marks on optimisation problems because you can't set up the equation?

Confused about when to use product rule, quotient rule, or chain rule — especially in combination?

Differentiation carries more marks than almost any other A-Math topic. This programme builds the full toolkit — from techniques to applications — and drills each method until it's automatic.

- Clear decision framework: which rule to use and when, including combinations
- Rates of change, tangents and normals — structured approach to every question type
- Stationary points and optimisation — the step-by-step method that examiners reward
- Exam-grade questions drilled until the methods become automatic
- A strong foundation for Integration, which builds directly on Differentiation

Schedule (Choose 1 Run to attend)

Run 1	1 Jun (Mon)	10am - 4pm (1 hr break)	United Square Office Tower, #17-01
Run 2	10 Jun (Wed)		Parkway Parade Office Tower, #06-03

Fees

	From 1 May 2026	Early Bird Special (30 April 2026)	Indigo Access+ (Immediate*)
	$372	$336	$280

- All fees are subject to GST
- Holiday Programme Vouchers are applicable
- For non-Indigo students, a one-off $75 registration fee is applicable
- Discounts cannot be combined unless otherwise stated
- *Access+ rate applies to students who sign up for regular Indigo classes immediately

A-Mathematics

O-Level Must Score Topic: Integration

Integration Module for Sec 4 Express Students

Suitable for Sec 4 students who...

- Can integrate basic functions but struggle with applications
- Lose marks on area under curve and volume of revolution
- Find integration questions long, algebra-heavy, and error-prone
- Have done Differentiation and need to complete the Calculus picture

Can integrate basic functions but lose track when the algebra gets long?

Struggle to set up area under curve questions — wrong limits, wrong signs, wrong answer?

Find volume of revolution questions confusing and formula-heavy?

Integration is where marks are won and lost in A-Math. This programme builds fluency in every technique and drills the application questions until the approach becomes second nature.

- Integration technique toolkit — standard forms, substitution, and algebraic manipulation
- Area under curve strategy — limits, signs, and presentation that examiners reward
- Volume of revolution — clear method for disc and shell questions
- Algebra control for long, multi-step integration questions
- Exam-grade questions drilled until the approach is automatic

Integration builds directly on Differentiation. We strongly recommend taking both together. Add Trigonometry for the complete core A-Math package. Contact us for details.

Schedule (Choose 1 Run to attend)

Run 1	2 Jun (Tue)	10am – 4pm (1 hr break)	United Square Office Tower, #17-01
Run 2	3 Jun (Wed)		Parkway Parade Office Tower, #06-03

Fees

	From 1 May 2026	Early Bird Special (30 April 2026)	Indigo Access+ (Immediate*)
	$372	$336	$280

- All fees are subject to GST
- Holiday Programme Vouchers are applicable
- For non-Indigo students, a one-off $75 registration fee is applicable
- Discounts cannot be combined unless otherwise stated
- *Access+ rate applies to students who sign up for regular Indigo classes immediately
- Terms and conditions apply

A-Mathematics

Revise Sec 3 Topics That Keep Costing Marks in the O-Level Exams

Topical Revision for Sec 4 Express Students

Suitable for Sec 4 students who...

- Keep losing marks on Sec 3 topics in exam papers
- Struggle with circle properties or radian measure
- Find trig ratio questions confusing beyond the basics
- Haven't covered coordinate geometry properly in school yet
- Want to get ahead before final-year exams

This workshop is not for you if...

- You are an existing Sec 4 Indigo Math student (unless recommended by their tutor for a specific Sec 3 topic refresher.)

Circle properties, trig ratios, coordinate geometry — these Sec 3 topics appear in every O-Level paper. But most students never revise them properly because the focus shifts to Sec 4 content.

This series targets the foundational E-Math and A-Math topics that schools move past too quickly. Sec 4 students take them as a refresher. Sec 3 students take them to get a head start before the new term picks up and final-year exams begin.

Topics Coverage

- Circle properties, arc length, area of sector, and radian measure — the E-Math essentials
- Trigonometry ratios of obtuse angles and applications of trigonometry — drilled to exam standard
- Coordinate geometry with emphasis on equation of circles — A-Math focus
- Learn-in-advance format for topics not yet covered in school (especially Coordinate Geometry Focus on Equation of Circles)

INDIGO

A-MATHEMATICS | SECONDARY 4 EXP

These modules can be taken standalone or combined with the Core A-Math modules (Trigonometry, Differentiation, Integration) for a complete O-Level preparation programme. Contact us for details.

Schedule

Circles & Radian Measure (E-Math) (Choose 1 Run to attend)

Run 1	10 Jun (Wed)	10am – 1pm	United Square Office Tower, #17-01
Run 2	12 Jun (Fri)		Parkway Parade Office Tower, #06-03

Application of Trigo (E-Math) (Choose 1 Run to attend)

Run 1	10 Jun (Wed)	2pm – 5pm	United Square Office Tower, #17-01
Run 2	12 Jun (Fri)		Parkway Parade Office Tower, #06-03

Coordinate Geometry Focus on Equation of Circles (Choose 1 Run to attend)

Run 1	17 Jun (Wed)	10am – 3pm (1 hr break)	United Square Office Tower, #17-01
Run 2	24 Jun (Wed)		Parkway Parade Office Tower, #06-03

Fees

	From 1 May 2026	Early Bird Special (30 April 2026)	Indigo Access+ (Immediate*)
Circles & Radian	$245	$221	$184
Application of Trigo	$245	$221	$184
Coordinate Geometry	$310	$279	$233
All 3 Topics	$700	$630	$525

- All fees are subject to GST
- Holiday Programme Vouchers are applicable
- For non-Indigo students, a one-off $75 registration fee is applicable
- Discounts cannot be combined unless otherwise stated
- *Access+ rate applies to students who sign up for regular Indigo classes immediately
- Terms and conditions apply

Chemistry

From 'I Don't Get It' to 'I Got This.' Master Chem in 7 Days!

Let's be real: Chemistry is a mountain. You can either climb it alone over the next nine months, or we can take the express lift together this June. Don't just study for the exam—master the logic so you never have to 'cram' again.

- Master answering techniques to solve commonly tested and higher-order thinking exam questions
- Receive a power-packed encyclopedia containing everything you need to know before exams (list of definitions, worked examples and crucial answering techniques)
- Learn key exam skills (identify key concepts, communicate scientific keywords and time management)

Module	Topics	Description
1	Chemical Equations **(FREE for Indigo students)**	The foundation. Never balance an equation by "guessing" again. **Recommended by tutors**
2	Reactivity Series	Predict reactions like a pro. The ultimate memory hack.
3	Electrochemistry	Demystifying batteries and electrolysis. The "A1" separator.
4	Redox + Periodic Table	Master the patterns. It's basically a logic game.
5	Salt Prep & QA	The "Practical Hero." Know exactly what colour that precipitate is.
6	Moles Calculation & Stoichiometry (Current Indigo Sec 4 Express Chemistry students do not need to attend)	
7	Atomic Structure & Chem Bonding (Current Indigo Sec 4 Express Chemistry students do not need to attend)	

What's included

- Question analysis
- Comprehensive notes
- Progress tracker quizzes

Schedule (Choose any module(s) to attend)

M	Run 1 JTC Summit, #29-06		Run 2 Parkway Parade Office Tower, #06-03		Run 3 United Square Office Tower, #17-01	
1	1 Jun (Mon)	11am - 1pm	2 Jun (Tue)	11am - 1pm	16 Jun (Tue)	11am - 1pm
2	2 Jun (Tue)	11am - 3.30pm	4 Jun (Thu)	11am - 3.30pm	18 Jun (Thu)	11am - 3.30pm
3	3 Jun (Wed)		5 Jun (Fri)		19 Jun (Fri)	
4	9 Jun (Tue)		11 Jun (Thu)		25 Jun (Thu)	
5	10 Jun (Wed)		12 Jun (Fri)		26 Jun (Fri)	
6	19 Jun (Fri)	5pm - 7pm	20 Jun (Sat)	11.15am - 1.15pm	19 Jun (Fri)	7.15pm - 9.15pm
7	26 Jun (Fri)		27 Jun (Sat)		26 Jun (Fri)

PHYSICS | SECONDARY 4 EXP*

Suitable for Secondary 4 students

What's included

- Question analysis
- Comprehensive notes
- High-frequency exam questions

Schedule
(Choose 1 Run to attend)

Run 1
12.30pm - 5pm
(30 mins break)

Parkway Parade Office
Tower, #06-03

16 Jun (Tue)
23 Jun (Tue)

Run 2 (Hybrid)
11am - 3.30pm
(30 mins break)

United Square Office
Tower, #17-01/Zoom

18 Jun (Thu)
25 Jun (Thu)

*Current Indigo Sec 4 Express Physics students do not need to attend this programme

Let's Conquer the Tough Physics Topics!

Topics Covered

1. Heat Capacity
2. Waves
3. Current Electricity
4. DC Circuits

This focused Physics bootcamp covers the 4 most commonly tested topics — giving your child the clarity and practice needed to aim for an A.

- Master these major tricky topics to score
- You will be given clear concise explanations to concepts that you struggled to make sense of
- Rigorous practice during the bootcamp to ensure you never forget these concepts again

	From 1 May 2026	Early Bird Special (30 April 2026)	Indigo Access+ (Immediate*)
Fees	$570	$513	$428

- All fees are subject to GST
- Holiday Programme Vouchers are applicable
- For non-Indigo students, a one-off $75 registration fee is applicable
- Discounts cannot be combined unless otherwise stated
- *Access+ rate applies to students who sign up for regular Indigo classes immediately
- Terms and conditions apply

INDIGO

BIOLOGY | SECONDARY 4 EXP*

*Current Indigo Sec 4 Express Biology students do not need to attend this programme

Start Scoring A1 for Biology!

Lesson 1:
- Cell Structure and Organisation
- Movement of Substances
- Biological Molecules
- Nutrition in Humans
- Nutrition and Transport in Plants

Lesson 2:
- Transport in Humans
- Respiration in Humans
- Excretion in Human
- Homeostasis and Hormones

This intensive Biology Bootcamp consolidates Sec 3 topics and builds a strong foundation for O-Level success. Through carefully curated resources and guided practice, you will learn how to study Biology strategically and effectively - not just memorise content!

- Lock in core Biology concepts for accurate recall under exam conditions
- Master proven answering strategies for commonly tested and higher-order Biology questions
- Develop essential exam skills, including effective time management

Suitable for Secondary 4 students

What's included

- Question analysis
- Comprehensive notes
- High-frequency exam questions

Schedule

11am - 3.30pm
(30 mins break)
